*1 CPA Fee is an existing fee. It covers management of the CPA and does include some cost recovery for public improvement plan review and inspection.

*2 Engineering only adds fee to Landscape review when reviewing landscaping for engineered stormwater facilities

*3 75% fee reduction to fees that have direct impact on residents. Language on how to administratively apply this potential reduction will be incorporated into the Engineering Design Standards and managed by administrative rule at the discretion of the City Engineer. The following language to be utilized till the Engineering Design Standards are developed and adopted:

*The Sidewalk and Driveway Permit is eligible for a 75% reduction if the applicant can show the proposed improvement will be installed at their residence. If the permit applicant is a licensed professional applying on behalf of the resident where the proposed improvement will be installed, this discount can also be applied.

*The Sidewalk and Driveway Permit fee can be waived at the discretion of the City Engineer under the circumstance where it is determined that installed public improvements have contributed to the need for the sidewalk or driveway to be replaced to meet current standards.

*4 All Fees are potentially eligible for a 50% reduction if affordable housing criteria are met as defined in Resolution 2016-81.
